"Müller's Report"

Title: "Müller's Report"

Ref. number: D-01.19b.IX..1

Date: Proper date: 25.05.1866

Description: In this (misfiled) report Müller reports considerable opposition when passing a fetish site which was not in Anum itself. The site consisted of 3 large round stones laid one on top of another, surrounded by a fence. When he get near a crowd of men ran up to see what he would do, and when he tried to preach about the foolishness of worshipping stones, some ran away in anger, the others set up such a noise that he could not continue. His catechist had had the same experience at the same place.
