Title: "Tschopp to Basel - A Quarterly Report"

Ref. number: D-01.43.V..131

Date: Proper date: 11.07.1885

Description: On the preaching journeys which Tschopp have made with Dilger he had suffered from the heat and the thirst and his heal does not set itself under God's leading as a result. Since his arrival two brothers have died. On his arrival one of the main impressions seems to have been the noise in Abetifi itself. And when someone died at night they fire four shots repeatedly. He is teaching two hours a week in the school - geography and the pupils find the English and German names very burdensome.
