"Müller's Report for the Third Qwuarter of 1888"

Title: "Müller's Report for the Third Qwuarter of 1888"

Ref. number: D-01.49.VI..112

Date: Proper date: 24.09.1888

Description: Partly printed as an annex to the 1889 Annual Report, pp46ff. Additional material: They plan to build a small cistern on the station; there is already one in Odumase. Their masons seem all to have come from Akwapim. There is the usual trouble about wages, but since the missionaries have more than enough people to work for them they have not responded to pressures to put wages up. Hall reports two German travellers in Ntwumuru who talk about the building of a railway from the coast through the German area to Salaga. They were wanting land in Nkonya on which to settle. A note from Eisenschmid names them as. Dr. Henrici and Leuchner, both North Germans, the first a Professor of Philology, and the second a painter.
