"Kibi's Stations Conference to the District and General School Inspectors"

- Title:** "Kibi's Stations Conference to the District and General School Inspectors"
- Ref. number:** D-01.32.XIII..135
- Date:** Proper date: 10.09.1880
- Description:** Report major increases in the population of school age children of Christians in Akim. The school is not the answer to the problem of what to do with them - inter al they are needed on the farms, and many of them are girls. They have already set up a Volksschule operating two hours a day, 7-9a.m, in Kibi. The Presbyters are prepared to put their authority behind this experiment, and indeed one of them has been made the teacher - John Amoa, who had previously attended the Kibi school and the Middle School. Syllabus (per week): Biblical history 3 hours, reading 4 hours, arithmetic 1 hour, memorising proverbs 1 hour, memorising songs 2 hours. They write that such a regime has a chance of getting somewhere, whereas 'a young teacher from another district who tries to enforce his wishes with that rest of our pupils, the 2-metre stick, would never succeed'.
