Ref. number: C-01,003

Date: Date late: July 1846
Proper date: July 1842-July 1846

Description: By 1847 the Mangalore station is generating some 40 documents p.a., Mulki/Honowar about 6. The indexing continues in the same style as C-1.2. Since the place where documents were originated is noted in the index it is possible - unusually - to trace, under the general heading "Mangalore", observations written in places often quite a distance away. Honowar is also named in a section of the "Süd-Mahratta" correspondence (C-1.5) in 1838. A separate section of correspondence from the Nilgiris begins in 1846 and is filed in C-1.4 below.
