Title: "Gen. Archiv 1862-77 / General Archive 1862-77....."

Ref. number: C-05-4.15c

Date: Date late: 1877
Proper date: 1862-1877

Description: Remains of a volume constructed like C-5-4.7. There is no internal numbering system for documents or pages, but a set of about 20 bound pages lying unconnected at the end of this file is a working index of materials 1869-77 and may originally have been part of the main file. The block of paper between the covers is c. 4.8 cm thick. Some Kannada words have been written on the spine. Condition of the whole: moderate. Some worm/insect damage and the legibility of quite a number of the pages is made difficult by ink-spread. A number of documents have come loose from their anchorage. This file seems to have been generated in the Field Secretary's office and consists basically of the succession of original letters from Basel to the Field Secretary, and copies of printed circulars based on those letters. There are, however, some local letters bound in as well.
